

CKGP/PW employees have been suppliers of Manufacturing Engineering, Paint Process Engineering and Consulting Services since 1964.

Employing a diverse staff of highly experienced engineers, designers and technicians, CKGP/PW is a local supplier with global experience. Our team's strength is their ability to objectively analyze and integrate flexible, lean and economical process and equipment designs that provide system solutions in the following disciplines:

- ✓ Facilities Planning and Design
- ✓ Program Management
- ✓ Manufacturing, Process, Industrial, Facilities, Electrical and Conveyor Engineering
- ✓ Systems Layout and Equipment Design
- ✓ Materials Planning and Logistics (MP&L)
- ✓ Paint Process and Environmental Engineering
- ✓ Energy Services

CKGP/PW has been an employee-owned company since 2004 with headquarters in Troy, Michigan, USA.

As your partner in technological innovation, CKGP/PW is a single point resource for all of your manufacturing project elements. CKGP/PW has a proven track record of improving our clients' competitive position in an ever-changing global economy. We offer a demonstrated commitment to excellence with our won internal quality system. We also recognize the changing dynamics of industry that dictate the need for continuous innovation and improvement.
